B6 Armored Land Cruiser (200 Series)

The Toyota Land Cruiser is the most popular armored vehicle worldwide that comes complete with reinforced suspension and brakes which make the road performance of this vehicle very comfortable. The protection includes four doors, all glass, front, center, and rear pillars, roof, firewall, front and rear headers, and tailgate. The floor is protected against two DM51 grenades or two M67 grenades, detonated simultaneously. The body, frame, axles, brakes, suspension, and door hinges are reinforced in order to maintain the original driving characteristics and reliability of the vehicle.

I would like to express my sincere gratitude on a job very well done. Recent visit of our very senior regional team was indeed a challenge for the security teams (Mondelez & Guards Mark). It was your hard work, dedication, close support and flexibility that made it happen in a very professional manner. Working together as a team was a key to success. I expect same support in all future endeavors from you. This success will add abond to long and outstanding business relationship.

Mr. Malik Mohammad Zaheer
Country Security Manager
